Old business

- Update on recycling

Consideration is still being given to determine other ways to distribute the recycling guide. For now a number of copies will be made for distribution at the Festival in the Park. The guide has also been distributed by email to Franklin Park residence as a downloadable .PDF file.

- Update on deer management options

We are delaying this discussion until our next meeting.

- Festival in the Park (June 26, 2021)

This year the EAC will have two tables. One will be dedicated to recycling while the other will be designated for other matters. A portion of the table will be provided for our Lyme disease expert Bill Moore, Pittsburgh Regional Leader of PA Lyme Resource Network, and the remaining portion of the table will be dedicated to general EAC material including handouts for 1) the spotted lantern fly, 2) coal tar-based sealants, 3) other handouts we have distributed in the past. We will also have the spinning wheel with prizes to draw individuals to our tables.

- Butterfly Pledge

We will further review the proposed butterfly pledge and discuss it next month

New Business:

No new business.

The meeting adjourned at about 8:15PM.
